### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Kathryn M. Sanchez on 9/15/06.

The application has been amended as follows:

In claim 19, line 2, after inbetween "fluoride and "wherein", inserted "with a metal bromide or metal iodide,".

In claim 19, lines 4 and 5, deleted "with a metal bromide or metal iodide" and inserted ",".

### ***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance: Applicants' arguments, filed 7/12/06, were found convincing to overcome the 35 USC 103(a) rejection issued in the Office Action dated 3/21/06. Additionally, applicants' processes for preparing a perfluoropolyether comprising at least one bromine or iodine in the primary position of one or more end groups of the perfluoropolyether is unobvious over the prior art of record. Although the closest prior art of record (US Pat. 5288376) teaches a process for preparing perfluoropolyether secondary iodides, the prior art of record does not teach or suggest preparing perfluoropolyether primary iodides or bromides, wherein the bromine or iodine is in the primary position, from a

perfluoropolyether secondary halide or a perfluoropolyether acid fluoride. The prior art of record also does not teach or suggest a process for preparing a perfluoropolyether primary bromide by contacting a perfluoropolyether primary iodide with carbon tetrabromide. All claims (13, 14, 19-24 and 26-28) are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
